ACADEMIC AFFAIRS & STUDENT SERVICES CORRESPONDENCE NO. 133011022018

TO Dr. Rosevonne Makaiwi Pato, ASCC President, 

VIA Mrs. Letupu Tauanuu Moananu, Dean/Acting Vice President,
Academic Affairs & Student Services Division 

FROM Mr. Frederick Suisala, Chairperson,
Trades and Technical Department 

SUBJECT **2018 Trades and Technical Addendum for Approval**

I submit for your review and approval and inclusion in the ASCC Catalog 2018 to 2020 with changes recommended due to either miscalculations of total credits per degree or Certificate or minor typographical errors by the data enterer:

1. Associate of Science Degree in Civil Engineering Technology on page 114

MAT 151 double entry (appears in first semester and again in second semester)
Remove MAT 151 from second semester and recalculate totals. Correct total for second semester will now be 14, instead of 17. Program Requirements will total 40 and the overall total for credits 71.

2. Certificate of Proficiency in Advanced Automotive Technology on page 117

Miscalculation of overall credits – (a) Program Requirements total = 23 and (b) Overall Total of Credits = 32.

3. Certificate of Proficiency in Basic Automotive Technology on page 118

Replace AUTO 100 in the first semester with MAT 155. Total credits for first semester = 9, not 12.

xc: Mrs. Elisapeta Faalafi Jones, Chairperson, Core & General Curriculum Committee

Mr. Sonny J. Leomiti, Director, ASCC Institutional Effectiveness
